

Introducing the WaterShed's Executive Condo, an Upscale Interim Home for Your New Recruit; Fully Furnished and Available for Lease

The WaterShed Building is centrally located near Ferry Street Bridge, 5th Street Market and Skinner Butte. Its innovative design and architectural thoughtfulness broke ground at a time of cookie cutter apartments and condos. The largest of the five units is available as an "executive style" apartment for someone transitioning to Eugene, commuting from out-of-town, or serving an interim position.

The condo-style unit comes fully and tastefully furnished. The kitchen is stocked with everything needed for daily living and entertaining. Everything from dishes and pots and pans, knives and glassware has been selected for a resident who appreciates quality. Housekeeping is included. Optional add-ons include linen provisions.

The Executive unit shares a large, elegant and secure commons area featuring a stunning fountain. Vehicle and bike parking is included. The WaterShed is anything but ordinary apartment living.
